

## POCKET CARD NOTICE OF NON-CONSENT

The following page contains the verbiage on the 4 x 6 pocket card *NOTICE* - in bold. The FACTS listed are followed by links to the source for validation. It is designed to allow you to notify law enforcement employees - in writing - that you are not a non-human legal "person" and do not consent to their requests nor do you wish to contract with them. The 4 X 6 size should make it easy to keep in your wallet or purse, should they approach you for any number of reasons.

It is important that this notice is well understood before it is utilized. Reading the information contained in the links will help accomplish that.

Before presenting this card to a corporate statute enforcer (policeman, Sheriff Deputy, State Trooper, etc.), ask for his or her name and badge number. Put that info on both copies of the card. Be polite and courteous. Then sign and date one of the cards in front of the statute enforcer and hand it to him or her. **Never ever become belligerent** with these corporate employees as many of them are nothing more than bullies! If you have a witness with you, it would be beneficial to get the witness to sign and date the card as well. Say very little about the contents of the card, other than to state that it is a lawful notice of non-consent to be taken under advisement. In other words the card is a lawful notice and they need to read it and talk to their attorneys prior to proceeding.

Recommended verbiage:

"This is a lawful notice of non-consent - to be taken under advisement."

Repeat if necessary.

If asked where you got the notice, say "This is a lawful notice of non-consent - to be taken under advisement."

**When asked by the statute enforcer if you "understand", never say yes**, because it is a trick question. They are instructed to get you to agree to "stand under" their authority and if you say yes, you are consenting to their authority and agree to abide by their corporate rules and/or regulations. In other words, you will have just verbally nullified your notice of non-consent. The less conversation you have with the law (statute) enforcer the better.

If you are asked if you are a "sovereign" or a "sovereign citizen", respond by saying "This is a lawful notice of non-consent - to be taken under advisement." Refusing to contract with the corporate law enforcement employee is nothing more than refusing to contract with a corporate law enforcement employee.

**If asked to sign anything** by the statute enforcer, politely refuse. If the statute enforcers become threatening, it might be wise to sign their paper work and put "under duress" above your signature. Signed paper work with the law enforcer needs to be followed up with another notice. See "Citations" in *The Legal Process*, by Judge Dale. [1] After the encounter, put your copy of the notice in a safe place as proof that you did not consent nor agree to contract.

From Judge Dale's *The Matrix and the US Constitution* (free online At AntiCorruption Society.com) Page 16  
*One hundred percent (100%) of the people sentenced and held in all American Jails have either been convicted of crimes that are not positive law or were convicted of civil crimes, and are being detained there by their consent! That's Right! The lawyers and judges representing our legislature and judicial system; created maneuvers to insure that anyone who is accused of a so-called crime and posts bail, (signs a contract to appear and consents by that contract to the proceedings scheduled). Anyone who applies for a public defender, signs the same contract without knowing it and anyone who privately hires a lawyer to represent them in a Court proceeding, consents to the same contract upon the lawyer filing a "Notice of Appearance!" When you hire a lawyer, you signed a Power of Attorney. He is required to file his Notice of Appearance in that case and that Notice of Appearance offers your consent and binds your appearance to the proceedings!*

*Absent these aforementioned contracts [and your signature]; the Court cannot proceed against you! When that occurs; the Judge and the Prosecutor, attempt to trick and intimidate you into giving your consent! If you know how to invoke your Sovereignty [not-contract], and you take what they throw at you, and stand your ground; they will be forced to release you after 72 hours has elapsed!*
